Reflections with Pastor Bruce McBurney

By the time you read this we will have had a forecast by Punxsutawney Phil. If we have more winter or not we can be thankful for the moisture that we have received. As I look ahead our calendars are quickly filling. Seems like that short (2 years) of pandemic response didn't teach us to slow down, take time to stop and smell the roses. Don't worry, we have another speed bump on the horizon, Lent.

At the end of February we will observe Ash Wednesday and start our Lenten journey toward Easter. I will continue to encourage you to pick up some new spiritual practices during the season of Lent. I find that my study offers the wisdom of slowing our pace of life, in order to be more attuned to God.

The Desert Elders left some practices recorded in their notes and diaries so that we might see that our primary concern in life should be to worship God. When we take time out of our busy schedules to just be, to sit or walk while we commune with God, our lives become better balanced.

During this month I hope you will continue to change the world, by changing yourself. Taking time for you, will produce great dividends.

You are blessed!

Bruce

"For now we see in a mirror, dimly, but then we will see face to face. Now I know only in part; then I will know fully, even as I have been fully known." 1 Corinthians 13:1
